Generate Hero

1 ⚡ ~2-3 min

Start by selecting the gender that matches your garment and the fashion presentation you want to create.

Select Garment

Select the garment category that matches your product. Browse the available garment categories before making your selection.

STEP 3

Select Garment Detail

Step 3 of 7

Garment Details

You've selected the garment category. Now choose the specific type to help our AI understand your garment better.

3

Choose Sleeveless or Sleeved based on your garment.

This helps our AI generate more accurate and realistic results.

Select the garment detail pills that accurately describe your product. These selections help MagicReel understand the garment correctly.

STEP 4

Upload Your Garment

Step 4 of 7

Upload Front & Back Garment

Upload clear front and back images of your garment.
